## RE: LOCOMAN RECORDINGS FOR THE RAILWAY CHILDREN RETURN

Dear Sir,

I wanted to get in touch with you to say a massive thank you from all the team at **THE RAILWAY CHILDREN RETURN** for providing us with the fantastic sound recordings that you have for our on screen locomotives.

It was incredibly important to us that we were able to represent these beautiful engines as authentically as possible and your passion for collecting these recordings allowed us to do this.

Hopefully we will work with you again on future projects and please do not hesitate to give us a reference to anyone else who may be looking to use your library.

Very Best Regards,

Jemma Rodgers
